AGREEMENT

COMMONWEALTH ALUMINIUM CORPORATION PTY. LIMITED

1. Clause 8 of the Agreement provides that at any time within three years from the passing of the Act (assented to 12.12.57) the Company may by notice in writing to the Minister designate an area or areas of land (totalling not more than 500 square miles) comprising a part or parts of the land described in the Second Schedule to the Act as the eastern bauxite field, and that upon such designation the State shall forthwith grant to the Company a Special Bauxite Mining Lease thereof.

2. The land specified in the Second Schedule (two areas of 380 and 1,100 square miles) was held by the Company as Authority to Prospect No. 116 M. for bauxite and other minerals, for a term of three years from 1.10.57.

   The Company's relinquishment of the area of 1,100 square miles from that Authority to Prospect was approved by the Minister on 4.12.58.

   The conditions of that Authority to Prospect required relinquishment of at least 500 square miles from the total 1,480 square miles by 1.10.58 and a further 480 square miles by 1.10.59.

   The rental requirements were -

   £500 for the year ended 30.9.58 (£500 paid 20.11.57)
   £340 " " " " 30.9.59) (£500 paid 29.10.59).
   £160 " " " " 30.9.60)

See action on p.2.

3. Under date 14th April, 1960, the Company applies for a Special Bauxite Mining Lease over about 130 square miles of the 380 square miles still remaining in Authority to Prospect No. 116 M. and indicated that following grant of that Lease it desired to surrender the remainder of Authority to Prospect No. 116 M.

4. RECOMMEND -

   (a) grant Special Bauxite Mining Lease over the area of approximately 130 square miles applied for, with a term to commence 1st May, 1960, and to expire on 31st December, 2041;

   (b) accept surrender of Authority to Prospect No. 116 M.;

The Honourable the Minister.

Published on DNRME Disclosure Log RTI Act 2009
