

**Notice of the Establishment of Biosecurity Areas within the White Spot Biosecurity Zone and
Lesser Restrictions for the Biosecurity Areas**

(Section 94B of the *Biosecurity Regulation 2016* and section 129(1)(c) of the *Biosecurity Act 2014*)

On 16 June 2017, the *Biosecurity Regulation 2016* (the regulation) was amended by the *Biosecurity (White Spot Syndrome Virus) Amendment Regulation 2017* to establish the whole of the State of Queensland as a biosecurity zone (the white spot biosecurity zone) for the white spot syndrome virus.

Under section 94B(1) of the regulation, the Chief Executive may, under section 129(1)(c)(i) of the *Biosecurity Act 2014* (the Act), establish particular areas (each a biosecurity area) within the white spot biosecurity zone.

Under section 94B(2) of the regulation, the Chief Executive may, under section 129(1)(c)(ii) of the Act, provide for lesser restrictions, in relation to a biosecurity area, than would otherwise apply in relation to the area under Part 12 of Chapter 5 of the regulation.

In accordance with section 94B of the regulation and section 129(1)(c) of the Act, I provide that:

1. the area described in the map at attachment 1 is established as a biosecurity area within the white spot biosecurity zone (Biosecurity Area 1)
2. the restrictions under section 94C of the regulation do not apply to Biosecurity Area 1
3. the area described in the map at attachment 2 is established as another biosecurity area within the white spot biosecurity zone (Biosecurity Area 2)
4. the restrictions under sections 94D and 94E of the regulation do not apply to Biosecurity Area 2.

Elizabeth Woods

The term offshore refers to seawards of the lowest astronomical tide mark.

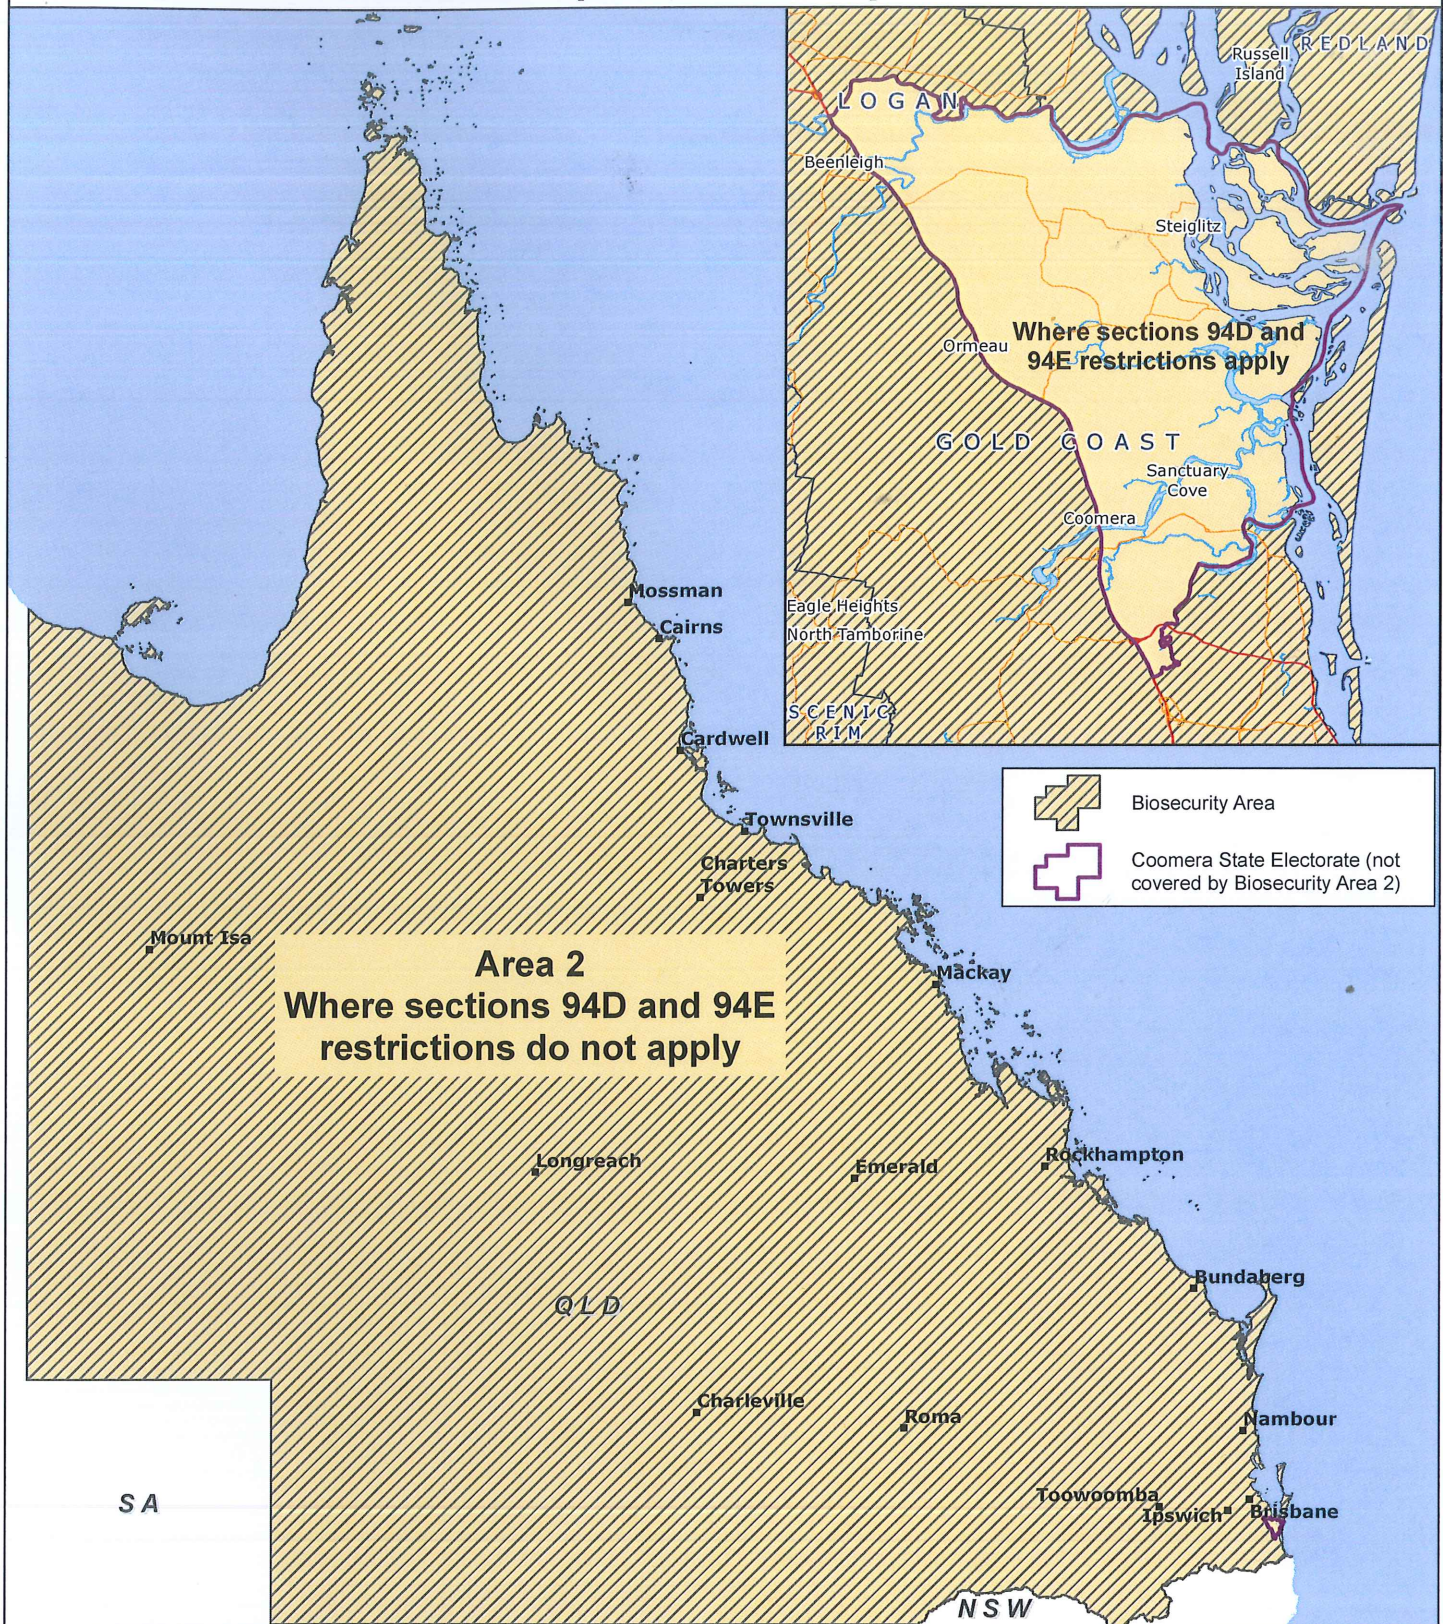

This boundary extends from 100m offshore of Tooway Creek at Moffat Beach, around Caloundra Head to the southern tip of Caloundra Head across to the northern tip of Bribie Island, then 100m offshore of the northern and eastern shores of Bribie Island to latitude 27°05.08' south on Bribie Island's eastern shore (Skirmish Point approximately latitude 27°05.08' south, longitude 153°12.43' east).

This boundary then crosses the water to 100m offshore of Moreton Island's western shore at latitude 27°03.68' south (Comboyuro Point approximately latitude 27°03.68' south, longitude 153°21.71' east).

This boundary then extends easterly following the 100m line offshore of Moreton Island and down the eastern shore of Moreton and Stradbroke Islands and continues south to the Queensland New South Wales border.

Inland, the boundary goes from Caloundra and Caloundra Road in the north, including all suburbs and local government areas listed on the map.
