07 APR 2009

Mr John Bradley  
A/Director General  
Department of Environment and Resource Management  
GPO Box 2454  
Brisbane QLD 4001

Dear Mr Bradley 

I would like to invite you to the next Liquefied Natural Gas (LNG) executive group meeting scheduled for 20 April 2009 at 3pm. This meeting will be held in Room 12.39, Level 12, Executive Building, 100 George Street, Brisbane.

At this meeting I propose to further our discussions on the availability of domestic gas and the possible impacts of the Queensland LNG industry on domestic gas prices. At our last meeting, I requested companies to provide written information to inform discussion on this issue; however I am yet to receive this information. If you could provide these details to Mr Mal Hellmuth, Executive Director, LNG Industry Unit, Department of Infrastructure and Planning prior to our next meeting, it would be appreciated. Mr Hellmuth can be contacted on 3247 3083 or email at [mal.hellmuth@dip.qld.gov.au](mailto:mal.hellmuth@dip.qld.gov.au).

Due to the high level of interest in these meetings and the high numbers of attendees, I would like to ensure that the agenda reflects the needs of the group and request that you forward any proposed items for inclusion by 14 April 2009. If there are any documents that you would like tabled at the meeting, please forward these documents to Mr Hellmuth via email listed above for inclusion with the agenda. The agenda will then be forwarded on 16 April 2009 with an electronic meeting invitation.

I would like to advise you that at the group's previous meeting on 24 February 2009, Andrea Leverington attended on behalf of the former Environmental Protection Agency. If you are unable to attend, please send a suitable senior member of your organisation to participate in the discussions and please advise how many departmental representatives will be in attendance.

I look forward to meeting with you and progressing the development of Queensland's LNG industry.

Yours sincerely
