ACTIVATION LEVEL STATUS

The Seqwater Flood Operations Centre has moved to the **STAND DOWN** Activation Level. This Activation Level signifies that Seqwater has ceased Flood Event releases from Wivenhoe Dam, s.73 - Irrelevant Information and that no further flood releases are currently planned. Operational releases may continue and are not expected to result in significant flood impacts.

CURRENT SITUATION

The Seqwater Flood Operations Centre has de-mobilised. No Dam Releases are currently occurring from the following dams:

- Wivenhoe Dam

s.73 - Irrelevant Information

Overflows remain possible from Seqwater's un-gated dams. Information on Seqwater's un-gated dams can be obtained on Seqwater's free Dam Release hotline (1800 613 122) or website www.seqwater.com.au.

The situation is being monitored by a Flood Operations Engineer.
