Deer Cameron,

RE: Application for permanent road closure part of unnamed road, Purga (Case Number: 2015/007163)

I am writing this objection letter in relation to the letter received dated 18th January 2016 for the application of the closure of the unnamed road. I object to the application as it will have a negative impact due to the fact that the road is frequently used. If this road was to close it will effectively cut off the access during wet periods and cause harm. Please consider this objection to the application and the negative impact it will have if this road was to close.

Kind Regards,

Subject: **Objection to Road Closure - Ref: 2015-007163**

To whom it may concern, I would like to raise an objection to the proposed road closure of unnamed road Purga separating Lot 65 on SP109177 from Lot 3 SP118662, locality of Purga. My name is Schedule 4 - personal information "unnamed road" in question. Schedule 4 - personal information

Due to the marshiness of the ground Schedule 4 - personal information we tend to use that road regularly to drive Schedule 4 - personal information and particularly after rainfall, it has become our "wet weather road". Schedule 4 - personal information

Where the neighbour has indicated the proposed closure point, it Schedule 4 - personal information therefore denies access particularly in wet weather and also the power people to the Electricity towers, and any other emergency vehicles that may need to access Schedule 4 - personal information

In the case of bushfires, the fire brigades would not have easy access Schedule 4 - personal information the unnamed road provides ease of access and directness. Schedule 4 - personal information

In our opinion, we feel that permanent closure of the unnamed road would be detrimental to the safety and productivity Schedule 4 - personal information

Sincerely

Schedule 4 - personal information
