

Permanent Horticulture Tree Crops – New Bores and Dam Desilting Statement

Instructions

Please complete this form before claiming for the Permanent Horticulture Tree Crops – New Bores and Dam Desilting Rebate.

Please note: This form must be completed by the applicant and endorsed by a Department of Agriculture and Fisheries (DAF) officer before applying for the Rebate.

Rebates cannot be paid unless a Statement has been approved by DAF prior to the work being completed.

A copy of this form (once endorsed) must be submitted with any subsequent rebate payment applications.

Only activities approved by DAF are eligible for the Rebate.

Activities must be completed within six months of the date of endorsement of this application.

Completion of this form does not guarantee approval or payment of the rebate.

A. Applicant details

Name of owner:

Trading name:

Australian business number (ABN)*:

Postal address:

Town: State: Postcode:

Phone number: () Mobile number:

Email address:

B. Property details

Property name:

Property address:

Town: State: Postcode:

Is the property owned or leased? Owned Leased

Local government area the property is located in:

Property size: ha. Property Identification Code (PIC): (if applicable)

Lots on Plan

<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

Size and type of crop

Crop (e.g. avocado, macadamia, apple, etc.)	Number of hectares
<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>

Do you currently have any livestock on the property? Yes No.

If Yes please detail animal type and number.

Have you obtained the relevant regulatory approvals to take water and or interfere with water from the relevant government agencies that may be necessary for you to undertake the activities outlined on this form? For example, you have obtained the regulatory approval from the Department of Natural Resources, Mines and Energy for the extraction of water or development of new water infrastructure on your property as required under the Water Act 2000 Yes No

C. Details of all dams to be desilted

Attachments required:

1. Copies of quotes for all dams you propose to desilt or bores you propose to drill and claim for the Rebate. Quotes are to specifically mention dams by name and location, and would need to detail the basis for the estimated total cost.
2. A current photo of each dam to be desilted. It is suggested that photos be numbered in relation to each dam and capture the entire normal water storage area in the one shot (no part pictures) and should include a vehicle, beast, person, or similar within frame to give assessors a better idea of scale.
3. A map of your whole property clearly showing the location of all dams intended for desilting and proposed location of the new bores. Name or number of fields as required to make identification and location clear. Property maps can be hand drawn.

In conjunction with this property map, please complete the following table:
(Please attach additional pages as required in answering the above questions).

Dam/Field name and/or Number (as marked on property map)	GPS Coordinates (if known)	Activity (dam desilting or new bore)	Quote Reference Number	Estimated Cost

DAF officer endorsement (Office use only)

I, (full name) of

D. Applicant's declaration

I (full name) of

in the State of Queensland, do hereby declare that:

1. **I am a primary producer who normally spends more than 50 per cent of my labour on, and derives more than 50 per cent of my gross income from a primary production enterprise.**
2. I am a property owner, sharefarmer or lessee in the horticulture industry with permanent tree crops, and I own or lease the property described in section B of this form.
3. The property described in section B above is currently within a State drought declared area or has a current Individually Droughted Property Declaration.
4. I understand that endorsement of this form by DAF entitles me to apply for the Permanent Horticulture Tree Crops – New Bores and Dam Desilting Rebate but does not mean an automatic payment of the rebate.
5. I understand that this rebate is only available to 30 June 2022 and may end sooner if the available funding is fully expended.
6. I understand that completing this form does not guarantee access to funding for this rebate as the funding may be exhausted at any time.
7. In order to assess my claim and make an informed decision on my eligibility for drought assistance, DAF may need to confirm the details provided on this form with the details previously provided as a Registered Biosecurity Entity. These details will not be accessed or used for any other purpose other than to assist in assessing this claim. I consent to authorised officers accessing and confirming my details in the Biosecurity Entity Registration System.
8. The information I have provided in this application and in supporting documentation is, to the best of my knowledge, true and accurate. I understand that providing inaccurate, untrue or misleading information may be a breach of criminal law, for which serious penalties may apply. I also understand that if any information I have provided in the application or supporting documentation is found to be inaccurate, untrue or misleading, legal action may be taken against me, including action to recover the rebate.
9. I understand that any applications submitted under the Permanent Horticulture Tree Crops – New Bores and Dam Desilting Rebate may be subject to audit by DAF, the Australian Government or their agents in order to determine compliance with scheme guidelines. By signing this declaration, I understand that I may be asked to provide further information in regards to my application and/or the material submitted with my application and that I may be requested to allow a property inspection by DAF as part of an audit process to determine compliance with scheme guidelines.
10. I have read the guidelines available at daf.qld.gov.au, and this application complies with the conditions and requirements detailed in the guidelines.

The Department of Agriculture and Fisheries is collecting information, including personal information, in this form and through the department's Biosecurity Entity Registration System for the purpose of assisting authorised departmental officers to assess your application. Some information about your property's drought-declared status may be given to the Department of Resources and/or to the Department of Transport and Main Roads and/or the Department of Education and Training for the purpose of assessing eligibility for drought assistance packages. Personal information will only be accessed by authorised officers and will not be disclosed to any other parties unless authorised or required by law.
