RE: INSPECTION FOR GOVERNMENT LAND VALUATION.

sch4p4(6) Personal information

The Department of Natural Resources, Mines and Energy is currently undertaking a review of all land valuations in the Burdekin Shire which are used for council rating and land tax purposes.

As part of this process we are required to undertake an inspection of all farming properties which have recently transferred. The inspection is quite detailed and involves a full valuation of the improvements on the property at the date of sale and a review of the departmental records in relation to the property.

This letter is for your information only. I will contact you by telephone in the coming weeks in regard to the inspection.

Should you have any enquiries regarding this letter, please contact Mr Ryan Rickards, Property Valuer of the department on telephone 4447 9118 or by email at ryan.rickards@dnrme.qld.gov.au.

Yours sincerely

Ryan Rickards
Property Valuer
Department of Natural Resources, Mines and Energy
