Software Product Catalogue

This is an alphabetical listing of software applicable to Australia's primary industries sector in 2006. Every effort was made to ensure that all relevant Australian software was included and that product details were correct at time of collection. If you would like to add or delete a product or edit a product's descriptive listing, before the next update of this directory, contact the project team at: farm.software@dpi.qld.gov.au.

Abalone Assist System

With over 7 Abalone Farms in Victoria, South Australian and Western Australian using the system Abalone Assist is clearly a proven and invaluable system for traceability, growth monitoring and stock control.

Uses	Aquaculture, Fisheries, Business or Farm Planning
Price	Subscription $3,000
Company	Aqua Assist
Web	www.aquaassist.com/ abalone.html
Email	rob@aquaassist.com
	03 6248 4483
	Australia

Abattoir/Food Processing Software

Triton have complete solutions for Food Processors (Meat, Chicken, Fish) focussing on processing, packing and distribution. These Production Recording systems can be linked to complete Company wide enterprise solutions.

Uses	Animal Industries, Legislative compliance, Recordkeeping
Company	Triton Commercial Systems
Web	www.tritoncomsys.com

Affinity HR Management

The Pay Office Group delivers payroll services to over 350,000 employees in 220 different organisations in Australia and New Zealand. Our services include Payroll Business Process Outsourcing (BPO), Application Services Provision (ASP) and in-house HR.

Uses	HR, Payroll, OHS, WHS
Company	The Pay Office Group
Web	www.payoffice.com
Email	info@thepayoffice.net
	1800 027 900
	Australia

Affinity Labour Costing

Costing of labour.

Uses	HR, Payroll, OHS, WHS
Company	The Pay Office Group
Web	www.payoffice.com
Email	info@thepayoffice.net
	1800 027 900
	Australia

Affinity Payroll

Developed to expedite payroll tasks. Leave management options for all employee types. Separate and consolidated management of multiple payrolls. Automated interfaces to third party products. Full G/L interface facilities, including accrual management.

Uses	HR, Payroll, OHS, WHS
Company	The Pay Office Group
Web	www.payoffice.com
Email	info@thepayoffice.net
	1800 027 900
	Australia

Affinity Payroll and HR Analysis

Delivers more than 600 standard reports and reporting options, designed to cover all legislative and common reporting requirements. Special purpose parameter driven reporting options have been implemented to expressly deliver target information.

Uses	Legislative compliance, HR, Payroll, OHS, WHS
Company	The Pay Office Group
Web	www.payoffice.com
Email	info@thepayoffice.net
	1800 027 900
	Australia

ACRONYMS
POA: Price on Application; TBA: To be Arranged

Further information on each company can be found in the 'Company Directory'
www.dpi.qld.gov.au/cps/rde/xbcr/dpi/AFSD-Developers-directory.pdf

Affinity Scheduling/ Rostering

Existing roster/scheduling systems can be interfaced to import roster details. Alternatively myWorkgroup can be used to manage rosters directly with its "shorthand" and replicate roster functions. Managers can graphically build rosters.

Uses	HR, Payroll, OHS, WHS
Company	The Pay Office Group
Web	www.payoffice.com
Email	info@thepayoffice.net
	1800 027 900
	Australia

Affinity Time & Attendance

Timesheet, daily labour costing, automatic rostering.

	08 9780 6255
	Australia

AgGPS 170 Field Computer

AgGPS 170 Field Computer facilitates any agricultural operation: spreading, spraying, planting, land levelling and even precision cultivation and seedbed preparation. Can also provide sophisticated automated record keeping.

Uses	Recordkeeping
Company	BMS LaserSat
Web	www.bmslasersat.com.au
Email	lew@bmslasersat.com.au
	07 4783 2688
	Australia

AgGPS AutoPilot

Autopilot is an automated steering system which reduces overlap and driver fatigue, increasing efficiency and extending hours of operation. RTK Autopilot delivers accuracy and repeatability which significantly reduces soil compaction and crop damage.

Uses	Mapping, GIS, GPS, Plant, Equipment, Inventory
Company	BMS LaserSat
Web	www.bmslasersat.com.au
Email	lew@bmslasersat.com.au
	07 4783 2688
	Australia

AgGPS EZ-Map

Affordable mapping, logging, and sampling software for growers and agribusinesses.

Uses	Mapping, GIS, GPS
Company	BMS LaserSat
Web	www.bmslasersat.com.au
Email	lew@bmslasersat.com.au
	07 4783 2688
	Australia

AgGPS EZ-Steer

Steering Assist system upgrade can be fitted to any vehicle with power steering that is fitted with the EZ-Guide Plus guidance system.

Uses	Plant, Equipment, Inventory

Company	BMS LaserSat
Web	www.bmslasersat.com.au
Email	lew@bmslasersat.com.au
	07 4783 2688
	Australia

AgGPS TrimFlight3

Precise aerial guidance and record keeping with colour display.

Uses	Recordkeeping
Company	BMS LaserSat
Web	www.bmslasersat.com.au
Email	lew@bmslasersat.com.au
	07 4783 2688
	Australia

AgGuide Cane Yield Monitor

Record your sugar cane yield plus other vehicle monitoring requirements such as speed, position, engine on/off and various other vehicles states - waterproof & vibration proof enclosure. Use the yield data to create a prescription map for variable rate.

Uses	Cropping, Mapping, GPS
Price	Outright Purchase $8,250
Company	AgGuide
Web	www.agguide.com.au
Email	sales@agguide.com.au
	07 3279 4344
	Australia

AgGuide LevelGuide

Use your existing 2cm RTK GPS with our LevelGuide software to control your lase bucket. The laser bucket will be automatically controlled by the software. Use LevelGuide software with an RTK GPS to firstly record levels around your farm.

Uses	Cropping, Mapping, GPS
Price	Outright Purchase $19,500
Company	AgGuide
Web	www.agguide.com.au
Email	sales@agguide.com.au
	07 3279 4344
	Australia

Farm Cash for Windows

Farm Cash is a simple computerised Cashbook specifically written for dairy farmers. Data entry is simple and allows the simultaneous entry of physical data to produce powerful management and benchmark reports. Reconciliation to the bank allows tax and GST preparation. Farm Cash simplifies bookwork.

Uses	Intensive livestock, Bookkeeping, Accounting
Price	Outright Purchase
Company	Warrnambool Veterinary Clinic
Web	www.warrnamboolvet.com.au/farmsware.htm
Email	mail@warrnamboolvet.com.au
	03 5561 2255
	Australia

Farm Forestry Toolbox

A collection of user friendly programs to help farmers and their advisors manage shelterbelts, plantations and forests. The Toolbox can help with conversions, financial analysis, tree and log volume and value determination, and model growth.

Uses	Plant Industries, Business Management Solutions
Company	Private Forests Tasmania
Web	www.privateforests.tas.gov.au
Email	Andy.Warner@ privateforests.tas.gov.au
	03 6233 7640
	Australia

Farm Fund

Farm Funds is the only farm accounting program that fully integrates with field records (Farm Trac Plus), herd management records (Farm Stock), and mapping (Farm Site). Farm Funds offers easy enterprising per field, livestock group, machine, or structure, while creating reports for tax purposes.

Uses	Bookkeeping, Accounting
Price	Purchase End User License $495
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Messenger

Farm Messenger sends out information in the form of a text message between the user's mobile phone and the Milk Manager program. Users can set up messages on the parlour sound system, draft cows, input veterinary information and obtain detailed milking reports.

Uses	Animal Industries, Business Intelligence, Business or Farm Planning
Price	Outright Purchase POA
Company	Dairyking
Web	www.dairyking.com.au
Email	info@dairyking.com.au
	03 9459 4355
	Australia

ACRONYMS
POA: Price on Application; TBA: To be Arranged

Further information on each company can be found in the 'Company Directory'
www.dpi.qld.gov.au/cps/rde/xbcr/dpi/AFSD-Developers-directory.pdf

Farm Site

Farm Site integrates fully with Farm Trac Plus, to add unlimited GPS, map and image layers to a GIS database designed specifically for agriculture. Farm Site will read data cards directly from all common ag equipment, and create prescription maps for VRA application.

Uses	Mapping, GIS, GPS, General Office software
Price	Purchase End User License $495
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Site Mate

Site Mate allows you to create maps of field boundaries, weed areas, drainage lines, spray paths, soil sample locations, or anything else you may need. These maps may then be used in most GIS programs including Farm Site or Site Pro. Farm Site Mate also works with most variable rate controllers.

Uses	Intensive livestock, Breeding, Genetics, Recordkeeping
Price	Purchase End User License $385
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Site Professional

Designed for agronomists, contractors and advisors. Site Pro takes the feature of Farm Trac & Farm Site, and adds limitless numbers of clients so you can keep maps along with paddock/chemical records. Reads all common yield cards and writes prescription VRA maps.

Uses	Cropping, General Office software
Price	Purchase End User License $1,595
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

FARM Software System

The FARM software system is designed to simplify the process of farm record keeping. The program allows farmers to develop an environmental and an OH&S action plan, as well as keeping all farm production records. The software allows quick data entry and records retrieval.

Uses	Business Intelligence, Environmental Management, Quality Assurance
Price	$495 - Outright Purchase
Company	Oaksford Pty Ltd
Email	oaksford@jc.com.au
	03 5255 2270
	Australia

Farm Stock

From the handy calendar with automatic event scheduling to the hassle-free blood line area; from the extensive yet flexible record-keeping to the comprehensive reports, Farm Stock has something for every livestock operation, no matter how large or how small.

Uses	Intensive livestock, Breeding, Genetics, Recordkeeping
Price	Purchase End User License $495
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Stock

Breeding or trading or combination. NLIS compliant & easy to reconcile with MLA database. Traceability of chemicals for individuals and paddocks. Ability to handle data (e.g. gross margins) for mobs as well as individuals. Cattle or sheep. Feed records. Detailed easy to retrieve reports.

Uses	Animal Industries, Breeding, Genetics, Recordkeeping
Price	Outright Purchase $550
Company	Farmplan
Web	www.farmplan.com.au
Email	sales@farmplan.com.au
	02 6366 8262
	Australia

Farm Stock Mate

Farm Stock Mate runs on PocketPC. Easily add new animals to your farm stock records, and enter information on health, weight, birth, mating, transfer, wean, service, animal loss, and feed records. Farm Stock Mate integrates with Farm Stock (required) to provide you with complete herd management.

Uses	Intensive livestock, Breeding, Genetics, Recordkeeping
Price	Purchase End User License $385
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Trac Mate

Farm Trac Mate integrates with Farm Trac to provide field record-keeping for pocket pc computers. Trac Mate lets you enter field records while you're in the field. Farm Trac Mate takes the hassle out of field record-keeping and lets you spend more time in the field and less time in the office.

Uses	Recordkeeping
Price	Purchase End User License $385
Company	Farm Works
Web	www.farmworks.com.au
Email	sales@farmworks.com.au
	03 5286 1112
	USA

Farm Trac Plus

A full record keeping package. Keeps automatic notations for paddock history: fertiliser, seed and chemical usage, equipment records, personnel activities and costs for each individual paddock and crop.

Uses	Recordkeeping
Price	Purchase End User License $495
Company	Farm Works
Web	www.farmworks.com.au

	0408 669 697
	Australia

FarmHand

Farmhand is a handheld based program for dairy farmers. It shows pedigree, health, mating and production data. Data entered is easily and quickly exchanged between major dairy packages. Bulk data entry is possible. It can handle an RFID bluetooth-enabled stick reader or wall panel to capture data.

Uses	Dairy, Breeding, Health, Welfare, Recordkeeping
Company	Elan Computers
Email	imagenesmail@yahoo.com
	03 9740 6654
	Australia

FarmKeeper

Quickly produce accurate farm map - start with an aerial/satellite photo or GPS, just draw in fencelines to automatically find paddock sizes. Add in infrastructure like waterlines. Upload/download to GPS. Keep records of fert, grazing, activities, etc. Overlay R.E. vegetation and other data.

Uses	Mapping, GPS, Recordkeeping
Price	Purchase End User License $470 ex GST
Company	FarmKeeper
Web	www.farmkeeper.com
Email	support@farmkeeper.com
	1800 202 171
	Australia

FarmIap 5400

Visual guidance, autosteer, auto boom control and rate mapping in one system.

Uses	Mapping, GIS, GPS
Company	Farmscan
Web	www.farmscan.net.au
Email	jallan@farmscan.net.au
	08 9470 1177
	Australia

FarmMap

FarmMap is a stand-alone mapping program. It is a new generation farm planning software solution designed to assist in the planning and visual recording of farm plans.

Uses	Mapping, GIS, GPS, Land-use, Resource planning, Business or Farm Planning
Price	Outright Purchase $715 (GST + 12 months support incl)
Company	Practical Systems
Web	www.psystems.com.au/farmmap
Email	sales@psystems.com.au
	02 6772 6672
	Australia

Farmstar & FarmstartLite

Farmstar is the Precision Farming add-on to PAM QA which allows users to import yield maps from their yield monitors and export yield and VRT data. Any data with a GPS coordinate can be used to create an coloured image, line or circles. The Lite version does not require PAM QA.

Uses	Mapping, GIS, GPS
Price	Purchase End User License $1,925
Company	Fairport Farm Software
Web	www.fairport.com.au

Email	arcompro@nnsw.com.au 02 6721 1032 Australia

Horticulture Arkive

Software program that maintains all records over successive seasons and incorporates HACCP reporting formats. Records include spray diary, block records, irrigation, labour, equipment, fertiliser, harvesting etc. Costs per tonne etc.

Uses	Horticulture, Supply Chain, Recordkeeping
Price	Outright Purchase $440-$704
Company	Arkive Software
Web	www.arkive.com.au
Email	info@arkive.com.au 03 5729 7605 Australia

HowLeaky?

HowLeaky? is a simple, graphical interface to a daily water balance model. Its main purpose is to explore the effects of different vegetation, climates, soil types and management of the water balance, erosion, sediment and pesticide movement.

Uses	Modelling, Simulations, Irrigation, Dams, Water
Price	Free
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.apsru.gov.au/apsru/
Email	christopher.murphy@ dpi.qld.gov.au 07 4688 1596 Australia

HowMuch?

HowMuch? is a simple yield estimator using the water use efficiency concept (WUE) (kg of grain per mm of available water). HowMuch? can be used to investigate management options such as length of fallow and planting date.

Uses	Cropping
Price	Free
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.apsru.gov.au/apsru/
Email	christopher.murphy@ dpi.qld.gov.au 07 4688 1596 Australia

HowOften?

HowOften? examines the 'future expectations' element above from a rainfall perspective. For example, what is the chance of getting a planting rain given that a certain amount of water and nitrogen is stored in the soil?

Uses	Cropping
Price	Free
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.apsru.gov.au/apsru/
Email	christopher.murphy@ dpi.qld.gov.au 07 4688 1596 Australia

HowWet?

HowWet? estimates water storage and nitrogen mineralisation during fallow periods using farm rainfall records and provides a simple estimate of yield and nitrogen requirements.

Uses	Cropping
Price	Free
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.apsru.gov.au/apsru/
Email	christopher.murphy@ dpi.qld.gov.au 07 4688 1596 Australia

HR21

Employee and Manager self service.

Last effective flower tool

The Last Effective Flower Tool (LEFT) is a Web-based decision aid used to estimate the date of the last effective flower of cotton in a season that will contribute to a harvestable boll.

Uses	Cropping, Weather, Climate, Rainfall, Recordkeeping
Price	Free
Company	CSIRO
Web	www.cotton.crc.org.au/ CottonLOGIC/
Email	CottonLOGIC@ mv.pi.csiro.au
	02 6799 1500
	Australia

Leakage Calculator

Uses representative locations to cover the range of climate & soils of the south-west Agricultural Region. Produces actual and relative leakage volumes to highlight areas that may respond perennial plants for recharge control.

Uses	Soils/Fertilisers
Company	Department of Agriculture and Food (WA)
Web	www.agric.wa.gov.au
Email	praper@agric.wa.gov.au
	08 9780 6255
	Australia

Legacy 6000 Fieldware

GPS guidance, auto-steer, spray, spreader, seeder.

Uses	Mapping, GIS, GPS, Plant, Equipment, Inventory
Company	TeeJet Australasia Pty Ltd
Web	www.teejet.com
Email	teejetoz@teejet.com
	03 5223 3020
	Australia

Lime and Nutrient Balance

Lime and Nutrient Balance estimates the N requirement of cereals and oilseeds, the P requirement for a wide range of crops and pasture enterprises, the lime requirement for crop and pasture sequences and the balance of nutrients and acidity.

Uses	Soils/Fertilisers
Company	CSIRO
Web	www.csiro.au
Email	John.Angus@csiro.au
	02 6246 5095
	Australia

Lime and Nutrient Calculator

To estimate the acidification and removal of nutrients associated with broadacre rotations -crops, hay, wool and meat production.

Uses	Soils/Fertilisers
Company	Department of Agriculture and Food (WA)
Web	www.agric.wa.gov.au
Email	jsfisher@agric.wa.gov.au
	08 9690 2125
	Australia

Link 3000

Link 3000 is the support software supplied with the Tru-Test 3000 series weighing indicators. This software allows the user to download and upload data files to and from their 3000 series indicator via a laptop, PC or Hand Held windows based program.

Uses	Animal Industries
Price	Free
Company	Tru-Test
Web	www.tru-test.com.au
Email	sales-aus@tru-test.co.nz
	1800 641 324
	Australia

Livestock Library

An online database of livestock industry publications, developed by the CRC for Beef Genetic Technologies and the Australian Sheep Industry CRC for use by all participants in livestock production: primary producers, students, researchers and agribusiness. Searching the Livestock Library is free.

Uses	Animal Industries
Price	Free
Company	Livestock Library
Web	www.livestocklibrary.com.au
Email	manager@ livestocklibrary.com.au
	08 9368 3611
	Australia

Livestock Procurement & Payments

Provides a complete solution for acquiring product, scheduling the acquired product for processing, and producing payment of the acquired product. The system goes hand-in-glove with the Cedar Creek "Kill Floor System", or alternatively can operate stand-alone.

Uses	Plant Industries, Plant, Equipment, Inventory
Price	Purchase End User License POA
Company	Cedar Creek**Company** Pty Ltd
Web	www.cedarcc.com.au
Email	salesenquiries@ cedarcc.com.au
	07 3356 0999
	Australia

Livestock Recording

A complete livestock recording solution developed by livestock producers for livestock producers. Practical and easy to use. Livestock Recording is Internet based, works just like Internet banking, you don't have to worry about installing any software on your computer or keeping backups.

Uses	Grazing Animals
Price	Subscription
	$250, $500 or $1000

Company	Livestock Recording
Web	http://livestockrecording.com
Email	info@livestockrecording. com.au
	02 6775 0038
	Australia

Livestock Trading Schedules & Template

Allows you to schedule changes in livestock numbers, sales, purchases, natural increase, opening & closing valuations, livestock trading profit.

Uses	Export/Trading
Company	Mindshop Agribusiness
Web	www.mindshop.com.au/ agribusiness.nsf
Email	rcummings@ mindshop.com.au
	0414 929 585
	Australia

LiveStockAuctions

Livestock online auctions.

MacMan

A recording system for monitoring and improving macadamia farm productivity and quality. Records include inputs (labour, chemicals, machinery and contract costs), outputs (harvest, sorting/storage and factory results), monitoring (leaf/soil, water & pest) and environment (weather & growth cycles).

Uses	Horticulture, Business Intelligence, Recordkeeping
Price	Purchase End User License POA
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.dpi.qld.gov.au/macman
Email	macman@dpi.qld.gov.au
	07 5441 2211
	Australia

MacroFleece

A comprehensive performance recording programme designed for the Wool grower. Simple easy to use data and lookup screens means you can quickly find the data you need to manage your flock.

Uses	Grazing Animals, Recordkeeping
Price	Purchase End User License $620
Company	VantagePoint Solutions Ltd
Web	www.macrostock.com
Email	info@macrostock.com
	+64 3 307 8053
	New Zealand

MacroStud

MacroStud is designed for progressive stud breeders, who want to increase productivity and performance. It provides accurate portable recording of stock data, allowing management decisions to be made in the office and then the required actions transferred.

Uses	Animal Industries, Breeding, Genetics, Recordkeeping
Price	Purchase End User License $1,495
Company	VantagePoint Solutions Ltd
Web	www.macrostock.com
Email	info@macrostock.com
	+64 3 307 8053
	New Zealand

MacroWeigh

An application designed to monitor the production throughput of the finishing or feedlot enterprise. MacroWeigh is suitable for all livestock types and tracks animals from the time of purchase through to slaughter.

Uses	Intensive livestock
Price	Purchase End User License $620
Company	VantagePoint Solutions Ltd
Web	www.macrostock.com
Email	info@macrostock.com
	+64 3 307 8053
	New Zealand

MaNage Rice

MANAGE RICE presents Riverina rice growers and advisers with estimates of yield and profit from topdressed N fertiliser in relation to cold-damage risk. It also presents results to assist in zone management and selecting sowing date.

Uses	Cropping, Modelling, Simulations, Soils/Fertilisers, Business Management Solutions
Company	CSIRO
Web	www.csiro.au
Email	John.Angus@csiro.au
	03 6246 5095
	Australia

MaNage Wheat

MANAGE WHEAT is a simulation model that estimates yield and protein response to N fertiliser for wheat crops in southern NSW and Victoria. It accounts for variety, sowing date, N status, costs and prices. Its strength is in evaluating topdressing.

Uses	Cropping, Modelling, Simulations, Soils/Fertilisers, Business Management Solutions
Company	CSIRO
Web	www.csiro.au
Email	John.Angus@csiro.au
	0462 465 095
	Australia

Management of nutrient rich wastes

Guidelines for the management of nutrient rich wastes generated by a range of agricultural enterprises such as dairies, piggeries, wineries and feedlots. Includes a spreadsheet to calculate safe spreading rates on different soil types.

Uses	Modelling, Simulations, Land-use, Resource planning
Price	Purchase End User License $55
Company	Rural Solutions SA
Web	www.ruralsolutions.sa.gov.au
Email	clark.trevor@ saugov.sa.gov.au
	08 8842 6222
	Australia

Manager, Back Paddock Software

Manager, Back Paddock Software. Whole farm (livestock/crop/physical resources) & paddock planning, recording, reporting & mapping program. It's powerful, accurate, easy to use & compliant with most management systems. Easily produces Gross Margins/Agchem/fertiliser input shopping lists & QA records.

Uses	Mapping, GIS, GPS, Land-use, Resource planning, Business or Farm Planning
Price	POA
Company	Back Paddock Software

NLIS Carcass Identification

Triton have a standalone OR completely integrated NLIS module as part of our suite of software for Abattoirs. We use fixed or panel readers to read the tags and other information such as live weight & tail tag.

Uses	Animal Industries, Legislative compliance, Recordkeeping
Company	Triton Commercial Systems
Web	www.tritoncomsys.com
Email	mburke@tritoncomsys.com
	07 3324 2525
	Australia

NLIS System

Fully embraces Australia's policy for the identification and tracing of livestock. Interfaces with the NLIS database and reports back to the operator information stored on the database. Can be integrated seamlessly into the CCC Procurement & Payment and/or Kill Floor systems or operate stand-alone.

Uses	Plant Industries, Legislative compliance, Disease/Health/Welfare, Plant, Equipment, Inventory
Price	Purchase End User License POA
Company	Cedar Creek**Company** Pty Ltd
Web	www.cedarcc.com.au
Email	salesenquiries@ cedarcc.com.au
	07 3356 0999
	Australia

Nobltec Visual Navigation Suite

Can also have a Radar and Sounder added as well as 3D Bathy Recording of the Ocean Floor.

Uses	Aquaculture, Fisheries, Mapping, GIS, GPS
Company	MR Marine
Web	www.mrmarine.com.au
Email	navsys@mrmarine.com.au
	0428 250 520
	Australia

NP Decide

Predicts fertiliser N P yield and dollar response surfaces for any yield potential and soil P and N status. Has a soil P calculator. Takes account of the effects of take-all on responses too different N sources.

Uses	Soils/Fertilisers
Company	Department of Agriculture and Food (WA)
Web	www.agric.wa.gov.au
Email	bbowden@agric.wa.gov.au
	08 9690 2000
	Australia

NSW DPI Farm Forms-Cashbook

The cashbook worksheets were drawn from the Farm Cashbook of the NSW Agriculture Farm Study Program Certificate IV in Farm Management.

Uses	Bookkeeping, Accounting
Company	Department of Primary Industries (NSW)
Web	www.dpi.nsw.gov.au
Email	fiona.scott@dpi.nsw.gov.au
	02 6763 1156
	Australia

NSW DPI Farm Forms-Crops

Crop gross margin forms, also includes an example paddock record form and rainfall records by day. Requires Microsoft Excel.

Uses	Cropping
Company	Department of Primary Industries (NSW)
Web	www.dpi.nsw.gov.au
Email	fiona.scott@dpi.nsw.gov.au
	02 6763 1156
	Australia

NSW DPI Farm Forms-Livestock

Forms for beef cattle gross margins, feedlot gross margins, supplementary feed costs, wool and lamb gross margins, calf records, cow records. Requires Microsoft Excel.

Uses	Intensive livestock, Recordkeeping
Company	Department of Primary Industries (NSW)
Web	www.dpi.nsw.gov.au
Email	fiona.scott@dpi.nsw.gov.au
	02 6763 1156
	Australia

NSW NRAtlas

Facilitates search and discovery of natural resources data sets. Development of this application was made through the collaborative efforts of the NSW natural resources agencies under the Community Access to Natural Resources Information (CANRI) program.

Uses	Land-use, Resource planning
Price	Free
Company	Department of Natural Resources (NSW)
Web	www.nratlas.nsw.gov.au
Email	nratlas@dnr.nsw.gov.au
	02 9895 5010
	Australia

NutriLOGIC Online

Analyses soil & petiole nitrate tests & recommends the amount of nitrogen required to achieve an optimum yield of cotton.

Uses	Cropping, Soils/Fertilisers
Price	Free
Company	CSIRO
Web	www.cotton.crc.org.au/ CottonLOGIC/
Email	CottonLOGIC@ mv.pi.csiro.au
	02 6799 1500
	Australia

Ready Reckoner for Economics of Evaporation Mitigation

This spreadsheet will assist irrigation managers in making a decision about when to use evaporation mitigation technologies.

Uses	Irrigation, Dams, Water
Company	CRC: Irrigation Futures
Web	www.irrigationfutures.org.au
Email	schmidte@usq.edu.au
	07 4631 1871
	Australia

RealBiz

RealBiz is a program designed to help you assess how your dairy farm business (large or small) is performing.

Uses	Intensive livestock, Modelling, Simulations, Land-use, Resource planning, Business or Farm Planning
Price	Free
Company	Subtropical Dairy Program
Web	www.dairyinfo.biz
Email	geoffrey.johnston@ dpi.qld.gov.au
	07 5464 8715
	Australia

Redclaw Profit

Evaluate an redclaw aquaculture project using economic models that represent a steady state farm, to look at the impacts of changing any part of the production cycle (feed, stocking density, production time harvesting methods, marketing etc.). Based on a cost/benefit approach using discounted cash flow.

Uses	Aquaculture, Fisheries, Business or Farm Planning
Price	Outright Purchase $220
Company	Department of Primary Industries & Fisheries (QLD)
Web	www.dpi.qld.gov.au
Email	bill.johnston@dpi.qld.gov.au
	07 5430 4928
	Australia

Resistance and Integrated Management Model

Allows the evaluation of different weed management technologies over a 10 or 20 year sequence of crops and pastures. Through selecting different treatments you can observe the impact of weed numbers and $/ha returns over time. Simulation model.

Uses	Modelling, Simulations, Pests, Weeds
Company	University of WA
Web	www.plants.uwa.edu.au
Email	rbl@plants.uwa.edu.au
	08 6488 7870
	Australia

Retail Point of Sale 2006/07

Retail Point of Sale is retail intelligence at your fingertips, including the features you need to track all of your sales, inventory, purchase orders, customers and accounting.

Uses	Export/Trading
Company	Quicken
Web	www.quicken.com.au
Email	marketing@quicken.com.au
	1300 784 253
	Australia

RiceIPM

A CD providing comprehensive information on Integrated Pest Management in tropical rice.

Uses	Cropping, Pests, Weeds
Company	CBIT: Centre for Biological Information Technology
Web	http://cbit.uq.edu.au
Email	enquiries@cbit.uq.edu.au
	07 3365 1111
	Australia

Risk Profiler

Analyses the producers risk profile and then helps determine if the clip should be hedged.

Uses	Sheep, Farm Planning
Price	Free
Company	The Mackinnon Project, Univ of Melb School of Veterinary Science
Web	www.mackinnonproject.com.au
Email	mackinnon-info@unimelb.edu.au
	03 9731 2225
	Australia

Risk Ranger

Risk Ranger is a simple food safety risk calculation tool intended as an aid to determining relative risks from different product, pathogen and processing combinations. It is a simple and quick generic but robust model.

Uses	Modelling, Simulations, Disease/Health/Welfare, Quality Assurance/Risk
Company	CSIRO
Web	www.csiro.au
Email	Cathy.Moir@csiro.au
	02 9490 8579
	Australia

ACRONYMS

POA: Price on Application; TBA: To be Arranged

RiskSafe7

This product is ideal for regulatory standards such as OSHA, ANSI, RIA, ISO.

Uses	Legislative compliance, WHS
Company	Dyadem
Web	www.dyadem.com
Email	sales@dyadem.com
	+1 905 762 4492
	USA

Risky Business

Risky Business – A fun way to learn about managing risks in farming Farmers experience the highs and lows of climate and markets. There is an increasing array of options to manage their land with annual and perennial crops and pastures.

Uses	Cropping, QA and Risk
Company	Department of Agriculture and Food (WA)
Web	www.agric.wa.gov.au
Email	aabadi@agric.wa.gov.au
	0427 477 018
	Australia

Rotation

Unique use of an active paddock and herd simulation model rather than the static global feed budget. Sets out the best grazing rotation and feeding plan for livestock.

Uses	Grazing Animals, Modelling, Simulations
Company	FarmNet
Web	www.grazingrotation.co.nz
Email	rotation@farm.net.nz
	+64 6 359 4161
	New Zealand

Rotator Software Suite

A software program to analyse the theoretical uniformity of a permanent or solid set sprinkler spacing. Software allows you to graphically depict and chart theoretical performance for comparative purposes, allows you to analyse friction losses based varying pipe sizes, sprinkler spacings and slopes.

Uses	Horticulture, Modelling, Simulations
Price	Purchase End User License POA
Company	Nelson Irrigation Corp of Australia
Web	www.nelsonirrigation.com.au
Email	info@nelsonirrigation.com.au
	07 3715 8555
	USA

Rural Pack

Directory module diary, arcoword, finance recorder paddock file. This is currently DOS only.

Uses	General Office Software
Price	Outright Purchase $50
Company	ArComPro
Web	www.nnsw.com.au/ arcompro/
Email	arcompro@nnsw.com.au
	02 6721 1032
	Australia

Safety Manager

Comprehensive toolkit for developing an OHS management system to meet AS 4801, OHSAS 18001, and more. Includes extensive guidance, planning tools, sample documents, and risk assessment database.

Uses	HR, Payroll, OHS, WHS
Price	Purchase End User License $599
Company	Qudos Management

www.dpi.qld.gov.au/cps/rde/xbcr/dpi/AFSD-Developers-directory.pdf

Saturn HT

The Saturn HT is a complete guidance system. Using the large colour touchscreen users can enjoy features such as AutoSTEER, AutoSPRAY, Moving map display and the Virtual Road. In 2007 the Saturn HT became even more powerful with the addition of CANBus, RePLAY guidance and FieldNET.

Uses	Cropping, Mapping, GIS, GPS
Price	Outright Purchase POA
Company	Rinex Technology
Web	www.rinex.com.au
Email	sales@rinex.com.au
	08 9474 4771
	Australia

Scan pack System

Electronically receives order, automatically creates an order; provides shipping instruction and distribution transaction; print pick list and the ability to scan against the list; produces SSCC compliant labels; verifies and prints distribution documents; creates ASN and electronically send.

Uses	Supply Chain, Plant, Equipment, Inventory
Price	Purchase End User License POA
Company	Cedar Creek**Company** Pty Ltd
Web	www.cedarcc.com.au
Email	salesenquiries@ cedarcc.com.au
	07 3356 0999
	Australia

Seafood EMS CD

An interactive program to help you to set goals for the environment, food safety and quality, OH&S, profitability and community relations-and integrate them into your day-to-day business activities.

Uses	Aquaculture, Fisheries, Quality Assurance/Risk
Company	Seafood Services Australia
Web	www.seafoodservices.com.au
Email	tedloveday@ seafoodservices.com.au
	1300 130 321
	Australia

Seeding & Tillage CD

Assistance for those in the market for new or used sowing and tillage machinery to make the best purchasing decision for their farming business.

Uses	Plant, Equipment, Inventory
Company	Kondinin Group
Web	www.kondinin.com.au
Email	library@kondinin.com.au
	08 9478 3343
	Australia

SELECT

SELECT is a display program that visually compares individual sheep with the average of the mob. It can be used in the race as a quick check. It is free to clients who use our flock testing service.

Uses	Grazing Animals
Company	Micron Man
Web	www.micronman.com.au
Email	microman@iinet.net.au
	08 9418 1733
	Australia

Select Your Nitrogen (SYN)

A quantitative expert system to address soil nitrogen issues and their effects on yield, quality and dollars in broadscale cropping systems.

Uses	Cropping, Soils/Fertilisers
Company	Department of Agriculture and Food (WA)
Web	www.agric.wa.gov.au
Email	bbowden@agric.wa.gov.au
	08 9690 2000
	Australia

Selection Assist

This software was developed to enable advisors or classers to help producers decide on a breeding direction, which is applicable to their flock. It provides information to compare likely outcomes of various breeding objectives.

Uses	Grazing Animals, Breeding, Genetics, Business or Farm Planning
Price	Free
Company	CRC: Sheep
Web	www.sheepcrc.org.au/ software

Email	jessica.richards@ dpi.nsw.gov.au
	02 6391 3871
	Australia

Sell or Feed Analysis Tool

This program was developed to allocate animals into their most appropriate "meat" or "wool" groups according to individual information on the animals (e.g. Fibre diameter (FD), Body weight (BW) and/or Fleece weight (FW)).

Uses	Grazing Animals, Breeding, Genetics, Business or Farm Planning
Price	Free
Company	CRC: Sheep
Web	www.sheepcrc.org.au/ software
Email	jessica.richards@ dpi.nsw.gov.au
	02 6391 3871
	Australia

Serial Timer

Use Serial timer to easily communicate with external appliances on an RS232 connection. Serial timer has powerful features similar to the timer software that Work with all types of serial ports, including USB adaptors, Wireless Device Servers or any virtual port.

Uses	Plant Industries, Irrigation, Dams, Water
Price	Shareware $66
Company	Hot Time Software
Web	www.hottimesoftware.com
Email	info@hottimesoftware.com
	07 4783 4060
