Hi Angus

Today, the Director-General was briefed on the upcoming New Acland mine expansion application decision timeframe (14 February) and [REDACTED] s.73 - Not Relevant. Given the time sensitivity of both these, Jamie suggested that the Minister be briefed by the DES team next week.

Can you please organise a briefing of the Minister for next week? I would suggest an hour given the issues with both these matters. I am not sure of the urgency of the Mine Rehabilitation and Climate Change briefings that are currently scheduled so, if stuck, it may be possible to use one of those slots.

Thanks
