

Attachment – Landing locations

Below is a list of codes for places that we have registered for prior notice landing places. You can use a code rather than entering the latitude and longitude for a place every time you give a Prior Notice that you intend to land there. In the legislation the code is called the “prescribed numerical code for a place”.

If you regularly land at a location and it is not listed here, or if the details of the place (especially the latitude and longitude) are incomplete or incorrect please contact the Quota Monitoring Unit on 13 25 23 or by emailing vesseltracking@daf.qld.gov.au.

Attachment – Transport Vessel

Below is a list of codes for transport vessels. You should use a code when giving a Transshipment Notice so that you do not have to enter the details of the vessel. In the legislation, the code is called the “identification code for a transport vessel”.

If you ever use a transport vessel that is not listed here, or if the details of the vessel are incorrect please contact the Quota Monitoring Unit on (07) 3087 8804 immediately.
