Good Morning [redacted]

RE: Bulk Search Results

Our records reflect payment was received on 24/4/2018. Please find attached Receipt 4249024.

As agreed, a bulk search of the Environmental Management Register (EMR) and Contaminated Land Register (CLR) of the sites listed in the spreadsheet received by the department on 5/4/2018 has been conducted.

Please find attached the bulk search results on the attached spreadsheet titled: 'Arrow Energy Bulk Search Results 20180504'.

For your information, the EMR database cannot validate a search on common property with a reference of Lot '0'. Therefore to provide a valid search result, the sites listed as Lot '0' have been replaced with Lot '9999' which relates to common property on the EMR/CLR.

If you have any queries please don't hesitate to contact me on the number listed below.

Kind Regards

#### Register to be a Connect Customer

The Department of Environment and Science (DES) have changed the way we do business. We have a new digital platform for online services and transactions called Connect. Connect allows for fast, efficient and 24/7 access with us on any device (i.e. desktop, mobile, tablet). Benefits of being a Connect customer include being able to manage your contact details and business information, submit and pay instantly for environmental applications, lodge annual returns and communicate with us via email.

We encourage you to do business with us online and register to become a Connect customer. Please visit our website at [www.ehp.qld.gov.au/connect](http://www.ehp.qld.gov.au/connect).

If you are an existing DES customer, your details are already in Connect and you can get your Connect DES Customer Reference by emailing [connecthelp@ehp.qld.gov.au](mailto:connecthelp@ehp.qld.gov.au).

Dear Sir/Madam

### Bulk EMR Register Search

The purpose of this letter is to formally request the Department of Environment and Science's (DES) EMR/CLR Registry Team to undertake a bulk search of the Environmental Management Register. This request has been discussed at a recent Arrow Energy / DES monthly meeting and then confirmed via email correspondence on 27 March 2018 with Libby Westera, Principal Environmental Officer, DES.

The output from the search will be included in Arrow Energy's Surat Gas Project EA applications which are to be lodged in May to June 2018. Arrow is willing to accept the output based on the 'test' example attached to Ms Westera's email correspondence. Further, Arrow requires 5,914 searches which is the number of land parcels contained within the attached excel spread sheet and acknowledges that the cost will be \$49.30 per search.

If you have any questions regarding this matter, please contact sch4p4( 6) Person Regulatory Approvals Specialist via email at sch4p4( 6) Person [@arrowenergy.com.au](mailto:sch4p4( 6) Person@arrowenergy.com.au) or call Section 78B(2)(c)

Yours sincerely
